

Greenwood / Bridgeville Transportation Plans

Bridgeville Commissioners Meeting | February 13, 2023

Excellence in Transportation.

Every Trip.

We strive to make every trip taken in Delaware safe, reliable and convenient for people and commerce.

Every Mode.

We provide safe choices for travelers in Delaware to access roads, rails, buses, airways, waterways, bike trails, and walking paths.

Every Dollar.

We seek the best value for every dollar spent for the benefit of all.

Everyone.

We engage our customers and employees with respect and courtesy as we deliver our services.

Agenda

- I. Purpose and timeline
- II. Background and context
- III. Greenwood/Bridgeville Transportation Plans process
- IV. Public engagement
- V. Next Steps

Purpose

- Update local transportation plans for the Bridgeville and Greenwood areas
- Collaboratively develop future looking (~20-year time horizon) transportation planning resources to support the towns and DelDOT
- Tailored planning process focusing on:
 - Safety
 - Mobility
 - Economic and residential growth/development
 - Quality of life
 - Other opportunities/concerns (to be identified)

Plan development process timeline

Study History - 2019 to early 2022

- Coastal Corridors Study began in 2019 to review the east-west corridors from MD to the DE beaches
 - Data collection and analysis
 - Listening tours
 - 5 public workshops
 - Roadway sufficiency assessment
 - 2 projects added to FY23-28 CTP in response to crash data findings
 - Follow-up listening sessions

Status - 2022

- Coastal Corridors study area is refocused to more immediate needs east of US 113
- Greenwood/Bridgeville Transportation Plans project initiated to focus on longer-range planning

Status

- Based on analysis done as part of the Coastal Corridors study, the roads in this area are still within their carrying capacity
- Spot improvements were identified in the Roadway Sufficiency Assessment to address safety issues and local traffic concerns
- Some CTP projects will help improve conditions at certain locations
- DelDOT is monitoring the progress of the Chesapeake Bay Crossing Study and potential improvements in Maryland
